

## Vega Chandelier

MATTHEW FAIRBANK  
DESIGN

*Description* The Vega Chandelier is a modular lighting system fabricated from geometric metal components that support hand-carved onyx or cast glass diffusers. The example above is arranged in a linear form with a gold anodized body, polished nickel accents and cast glass diffusers. Lamping is available in line voltage halogen or low voltage LED. Some standard configurations are shown on the next page.

*Year of Design* 2013

*Material* Anodized Aluminum body with Cast Glass diffusers.
