“There is one fundamental fact about lighting. Where there is no light, there is no beauty.”

—Ruby Ross Wood,  
interior designer (1881–1950)

**Orbit 7 chandelier** | Adored by designer Nina Freudenberger ([hausinterior.com](http://hausinterior.com)): “So playful! It looks phenomenal over a stair landing or a round kitchen table.” \$389, [schoolhouseelectric.com](http://schoolhouseelectric.com). **Wishbone chair** | Selected by designer Kyle Schuneman ([kyleschuneman.com](http://kyleschuneman.com)): “Architecturally stunning—the little black dress of chairs. I like it as the ‘off’ chair in a living room.” \$849, [dwr.com](http://dwr.com). **Fife Tripod lamp** | Picked by designer Jon Call ([mrcalldesigns.com](http://mrcalldesigns.com)): “The 70s dome shoots light down, which makes a space incredibly intimate. Imagine it next to a sofa: You’ll just want to cuddle all night.” \$2,300, [matthewfairbankdesign.com](http://matthewfairbankdesign.com) for info. **Brass-knot sculpture** | A go-to piece for designer Janet Simon ([janetsimoninc.com](http://janetsimoninc.com)): “It adds richness to any type of decor and works in nearly any spot: on a coffee table, a console, even the floor. You can’t make a mistake.” \$1,495, [kellywearstler.com](http://kellywearstler.com).
